## **zinfandel - california**

### **old hill ranch**

planted in 1852, old hill ranch is one of the oldest vineyards in california. when otto teller purchased it in 1981, the century old vines were covered by blackberries and poison oak. against his consultants advice, he decided not to replant and to farm the entire ranch organically, a quite unusual approach at the time. the incredible, dry-farmed vineyard is predominately zinfandel, however, a dozen or more varieties are planted. joel peterson of ravenswood has been making a vineyard designated zinfandel there since the mid 1980's, and bucklin started taking half the crop in 2000. will bucklin, otto teller's son-in-law, continues the family tradition making wines under his label and tending the vines. he continues to sell exactly half his crop to ravenswood.

## wines of the century

these wines are widely considered some of the greatest produced in the last 100 years. there certainly are others, but we believe the wines below are true legends and will certainly provide a rare tasting experience

**corton charlemagne, j.-f. coche-dury, burgundy 1999** *1300*  
from the greatest white wine producer in burgundy, if not the world.  
this intense, mineral scented, and rich grand cru is from the legendary 1999 vintage.

**harlan estate cabernet sauvignon, napa 1997** *950*  
a legend in the making. in our opinion, the best cabernet sauvignon-based wine ever produced in california. meticulous winemaking, low yields and a great vintage create a wine that is drinkable now and will continue to improve for 50 years or more.

**château petrus, 1990** *4000*  
incredible power and longevity for a wine that is 100% merlot.  
just now approaching its window of drinkability, this will certainly age for 20-40 more years. the 1990 vintage is as great for petrus as 1961 or 1947.

**châteauneuf du pape, château rayas, rhône 1990** *1200*  
the most concentrated and pleasureable grenache based wine on the planet. jacques reynaud was surely one of the greatest winemakers ever.

**côte rôtie 'la landonne', guigal, rhône 1985** *1300*  
la landonne is our favorite, and the most age worthy of the three guigal single-vineyard wines. however la turque or la mouline could easily make the list.

**château mouton rothschild, 1982** *1500*  
baron philippe de rothschild elevated this château to 1st growth status in 1973, and in 1982 he produced, what we think, is his best vintage ever, although 1945 neared perfection as well. a wine of hedonistic concentration, it is peaking now after 25 years, but it will continue to last for 20 years or more.

**vega sicilia 'unico', ribera del duero 1970** *1100*  
the reference point for spanish wine. vega sicilia released the 1970 unico 25 years after the vintage because it was so dense and ageworthy. unico is made from tempranillo blended with cabernet sauvignon which yields a wine that will compare quite favorably with first growth bordeaux from a great vintage.

**château latour, pauillac 1961** *4500*  
the longest lived first growth in perhaps the greatest year of the century. will last for 20-30 more years, perhaps longer.

**château margaux, margaux 1900 (château bottled)** *9000*  
the first vintage of the century produced a large crop of extraordinary quality. a wine of enormous ageability that is still pleasureable at 108 years old. the château still maintains that it is one of the greatest wines they have ever made.
